EAA Chapter 100 is a nonprofit association involved in the promotion of aviation through adult and youth education, hands-on training, building and maintenance of experimental aircraft, and through community awareness programs.

This publication by EAA Chapter 100, Inc is for the use, education and occasional enjoyment of its members and others. No claim is made for the accuracy or applicability of information herein. Editorial content is the opinion of the contributor not necessarily the position of either EAA Chapter 100 or the Experimental Aircraft Association.

Reader submissions and comments are strongly encouraged.

December Hangar Flying Event

The December Hangar Flying Event will be at Spectrum Pilot Services on December 9th at 1900L. Tim Halbach, the Aviation Meteorologist for La Crosse will be our guest speaker in December. The Chapter will host this meeting.

January Hangar Flying Event

The January 13th meeting starts at 1900 and will also be hosted by the chapter at Spectrum. The program will be by Jim Niehoff, who is with the FAA Safety team and will be speaking about "Owner/Operator Responsibilities in Aircraft Maintenance".

Roadside Pickup

Thanks to all who helped with the fall roadside pickup. The ditch was cleaned up and Gordy received a thank you from the folks in Owatonna whose district our section is in.

Chapter 2012 Officer Elections

Elections were held at the November hangar flying event for the 2012 chapter officers. The results are as follows:

President : Dwayne Hora
Vice President : Tom Hall
Secretary/Treasurer : Randy Bornhorst
Newsletter/Web Editor : Jeff Hanson
Program Director : Dick Fechter
Young Eagles Director : Gregg Edlund

2012 Meeting Locations Needed

2012 is fast approaching and with it so is the need for volunteers to sign up to host the monthly hangar flying events. Dwayne will have a sign up sheet at the December event so check out your calendars ahead of time. Pick a month to show us your project – no matter what state it's in.

New Newsletter Editor

As you can see in the election results I am now going to be taking over the newsletter (this being the first one). I will try to keep up the quality of content that we have become accustomed to while Dick has been handling this task. If anybody has information they would like posted in the newsletter or comes across articles of interest, feel free to email me with the information or links to the articles – Jeff

Upcoming FAA Safety Team Seminar

Think you can make it? Having enough fuel should never be in question!

Topic: Fuel is not a guessing game; learn from someone that found out the hard way. Runway signs and markings.

On Thursday, December 15, 2011 at 7:00 PM

Location:

Blue Earth Municipal Airport
7575 US Hwy 169
Blue Earth, MN 56013

Select Number:
GL1541226

Description: RaDan Dawson will talk about the experience of running his aircraft out of gas and how easy it was for something like this to happen. Rick Braunig will discuss runway markings and signs, some of which you are seeing for the first time in Blue Earth. Free chili feed at 6:00 and the seminar will start at 7:00. To view further details and registration information for this seminar, click here.

The sponsor for this seminar is: Minnesota FAASTeam

The following credit(s) are available for the WINGS/AMT Programs: Basic Knowledge 3 - 1 credit

Good Links

Check this one to see what it's to cross the country in a beautiful old Piper Cub:
